

The 8" and 16" Wait Tables help to teach confidence and patience. The lower 8" height is suitable for small dogs and small/shy dog areas of the park. The Wait Tables feature a flat, solid piece of reinforced, rust proof aluminum and are free of perforations. They are highly textured for slip resistance and assemble easily with stainless steel, vandal resistant hardware. Standard colors are Red or Green, with custom colors available for an additional price.
