

DOG ON IT PARKS

DOG-ON-IT-PARKS.COM

The Teeter Totter is one of the most challenging (but fun!) dog agility components. Ours features exclusive rubber bumpers to soften the landing, as well as an extra-long 9' plank that only elevates 2' from the ground at the highest point, so it's safe for both beginners and agility pros. Standard colors are Red, Blue or Green with custom colors available for additional charge. The Teeter Totter also features our exclusive PawsGrip™ coating for slip resistant texture in all weather conditions.
