DOG-ON-IT-PARKS.COM

The Adjustable Jump Bar is an ideal starter jump for dogs of all sizes. The lightweight (yet super durable!) aluminum alloy bar makes easy to modify the height and the shallow guide slots allows the bar to easily fall into the channel, so it's a much safer option than heavy steel bars. The Fire Hydrant details add a touch of fun and also help to guide your dog through the center of the jump. Standard colors are Red, Black, Blue or Green, with custom colors available for an additional charge.
