

**DOG-ON-IT PARKS**

DOG-ON-IT-PARKS.COM

The Double Hoop Jump offers two play components in one and is a practical component for smaller parks that need to maximize space. One hoop accommodates large and extra-large breeds, while the smaller option is suitable for medium and small dogs. Our signature paw and bone details are precision routed and help to provide depth perception, and you can also add your park or community name for free. Standard colors are Red, Blue or Green, with custom colors available for additional charge.
