

**DOG-ON-IT PARKS**

DOG-ON-IT-PARKS.COM

The Double Bow Wow Barrel offers an extra wide diameter to accommodate canines of all shapes and sizes, and the straight tube section allows dogs to easily see through to the other side. Like all of our tunnels, the Double Bow Wow Barrel's interior is highly textured with our exclusive material to provide years of slip resistance. Standard end panels are laser cut in either Red/Yellow, Black/White or Green/White, with customizable routed dog house options as well.

**View:**

# 6706 DOUBLE BOW WOW BARREL
