

DOG-ON-IT PARKS

DOG-ON-IT-PARKS.COM

Handcrafted with durable reinforced concrete and detailed to look like the real thing! The Stepping Stones are a set of three rocks; two smaller sizes and one larger to help dogs improve their balance and confidence as they step from one to the other. Just like all of our NatureDog components, they feature heavy duty flanges to accommodate anchor bolts for permanent installations or landscape staples for more flexibility. These unique components accentuate the natural environment and no two pieces are exactly alike.
