

**DOG-ON-IT PARKS**

DOG-ON-IT-PARKS.COM

This smaller version of our standard Eco A-Frame is ideal for smaller size parks. It features a winning combination of recycled aluminum and durable, maintenance-free HDPE plastic. The walking surface features our exclusive PawsGrip™ coating, a VOC-free polyurea that provides slip resistance while the color strips provide depth perception and are nearly flush with the surface, so they don't present a trip hazard. Only 24" high and 18" wide, this makes a great entry level component though experienced agility pros will enjoy it too. It has a versatile base for portable, surface mount or semi-permanent/seasonal installations.

**Dimensions:**

**R7604  
ECO A-FRAME  
(SMALL)**

**10-gauge reinforced  
aluminum planks and  
HDPE posts**

**Dimensions:  
105" x 19" x 24"**

**Versatile mounting  
options**
